

COMPARISON OF FINAL TEETH FOR FULL ARCH IMPLANTS

THERE IS NO COMPARISON

ALL-ON-4 IMPLANTS
Corporate Implant Centers

FAST & FOREVER SMILE
McFadden Dental Implant Center

Extreme bone removal	✗	Bone Removal at surgery	✓	Miminal bone removal
Large and bulky A denture on stilts	✗	Contours of prosthesis	✓	Like natural teeth Sits naturally on gum line
Very difficult to clean Many areas, especially around implants cannot be cleaned Result: bone loss, gum tissue loss, inflammation, bad breath	✗	Easily cleaned	✓	Normal brushing and flossing
No Patients pick from a small selection of teeth with limited character	✗	Customized teeth	✓	Yes Patient and doctor decide on length, width, color, display and character
Less expensive because of inferior product and quality	✓	Cost	✓	Slightly more expensive but you get normal teeth Several price points to choose from
Good	✗	Chewing ability	✓	Excellent
OK	✗	Comfort	✓	Excellent Just like healthy, natural teeth
